Cloud-based offerings do just that by delivering feature-rich business tools to users while removing the need to manage and maintain complex hardware infrastructure and an in-house IT team and support systems.

For over 20 years, Maximizer™ CRM, delivered as an on-premise solution, has been the software solution of choice for small to medium-sized businesses and divisions of large enterprises. With more than 120,000 customers and over one million licenses sold across a variety of industries, Maximizer CRM has helped companies like yours maximise revenue and deliver the level of customer satisfaction that earns repeat business. Maximizer Software fuels your business success with simple, accessible, adaptable CRM that provides the best value in the market.

Now Maximizer CRM is also available through a web-based monthly subscription; Maximizer CRM Live is a powerful cloud-based business productivity solution that is easy to deploy, use and maintain.
